SOPH'S WIN.

Freshmen Defeat Sophs Twenty-Two to Nothing.

The first of the series of class games of football was played on the campus last Saturday afternoon between the Freshmen and Sophomores. The game was witnessed by about three hundred people who seemed to enjoy it thoroughly. The day was faultless but more fit for base ball than football.

A light breeze, hardly enough to ruffle the colors worn by the followers of the two teams, was blowing across the field and gave advantage to neither side.

The crowd was not kept waiting for promptly at three the Freshman team led by Capt. Rheiner trotted upon the field from the east end. Three minutes later the Sophomore's emerged from behind the gymnasium and came upon the field through the west goal. Both teams went through a slight preliminary practice in passing and falling on the ball.

The two captains, Rheiner and Stokes, held a consultation in the center of the field.

The coin was tossed and the Soph's won and took the west goal with the sun at their back.

The Freshmen had the ball and with a rush the game began at six minutes after three.

Jenkins kicks off. Stokes muffs the ball but Hurt secures it and gets fifteen yards before he is stopped. Stokes gets five yards through right tackle and then three more through same place. He then gets six through left tackle. Stewart runs fifteen yards around right end. Harvey fumbles and Rheiner falls on the ball. Freshmen's ball. Martin is given the ball and loses two yards. Rush makes no gain. Jenkins kicks for twenty yards. Stewart fumbles the ball but by a magnificent effort secures it with an advance of six yards. Abernathy now gains fifteen yards around right end. Wheeler in stopping the runner is hurt but soon recovers. Hare gets eight yards around left end. Abernathy gets twenty-two around right end. Stokes fumbles, Hurt falling upon the ball nicely. Stokes gets two yards through right tackle, Motley stopping his advance by a good tackle. Hare goes around left end for five yards

and Abernathy makes the remaining eighteen yards for a touch-down. Stokes punts out and Hare makes a good catch. Stokes holds the ball and Harvey fails a difficult goal by a few feet. Score four to nothing. The teams now line up in the center of field and the Freshmen kick off. Jenkins kicks off for thirty yards. Hurt fumbles but recovers the ball and gets six yards before he can be downed. Hare now gets three yards just outside of left tackle. Stokes gains five yards through left tackle but fumbles and Rheiner drops on the ball.

The Freshmen are now on the twenty five yard line and work hard to score. Richardson loses three yards. Stokes downing him in a nice, hard tackle. Motley gains one yard over extra man. Jenkins kicks for fifteen yards. Hare receives the ball on the bound and gets back one yard. Hare loses two yards Rheiner making a beautiful tackle in checking him. Abernathy gains one around right end, Rheiner again tackling. Hurt fumbles but Stokes picks up the ball and jans himself for seven yards gain through right tackle. Hare gets a half-yard over extra man. Harvey takes the same course for seven. Hurt fumbles but Stokes again picks up the ball and makes six yards before he is brought down by Motley. Harvey fumbles but Hurt falls on the ball. Another fumble but Sargeant is on the ball like a flash and it is still the Soph's. Hurt fumbles and the ball goes over to the Freshmen. Wheeler gets one and a half yards through center, then a half. Jenkins kicks ten yards. Stewart falls on the ball. He now goes five yards via right end and is brought to the ground by Rheiner's good tackle. Hare is then given the ball and Rheiners hard tackle causes him to fumble and Jenkins drops on the ball. Martin loses a yard. Wheeler gains what Martin lost and Jenkins kicks for fifteen. The ball strikes Bulger who is off side and is given to the Soph's on the spot. Hurt fumbles and a Freshman falls on the ball. Motley gains nothing. Rush is hurt and Hightower takes his place. Martin loses three and on a fumble Harvey secures the ball. Stewart gets twenty yards around right end. Harvey seven over extra

man. Hare runs twelve yards around left end before he is stopped by Motley's hard tackle from behind. Abernathy gets six by right end. Harvey five and Stokes eight through left tackle. Hare fumbles but Sargeant falls on the ball with eight yards advance. Harvey gets two over extra man. Rheiner is laid out for a few minutes but soon resumes playing. Stokes, just at this part of the game does some excellent bucking. The ball is on the twenty yard line and two minutes remain before the first half is up. The ball is given to Stokes who gains seven yards at right tackle, then eight at left, two more in the same place and then the remaining three yards for a touch-down just as time was up. Harvey kicks goal and the first half ends with the score ten to nothing in favor of the Soph's.

SECOND HALF.

After ten minutes rest the two teams exchanged goals and the game began again.

Harvey kicks off for thirty yards to Rheiner who fumbles but recovers the ball and passes to Motley who fumbles but falls on the ball. Motley gains nothing. Richardson makes three over right tackle. Bulger loses three and the ball goes over.

Stewart gets ten around right end. Hare three around left. Stokes goes through right tackle for touchdown. Harvey kicks goal. Score, 16 to 0.

Jenkins kicks off for thirty yards and Hare gets back ten. Hare gets four around left end. Abernathy six and Harvey fifteen over extra. Woodal's offside play gives the Soph's ten yards. Stokes gets thirty-five but the ball is brought back for a forward pass and given to Freshmen. Richardson is hurt and Van Ness is substituted. An off side play by Soph's gives the Freshmen ten yards. Motley loses one yard. Jenkins loses ten in trying to kick and the ball goes over.

Harvey gets one and a half past extra. Stewart makes no gain. Holding in the line gives the ball to Freshmen.

Wheeler loses a half at center. Rheiner fumbles and Hurt falls on the ball.

Harvey is given the ball and carries it twenty-five yards for touch-down. Hurt here does some interfering.

Harvey kicks goal. Score twenty-two to nothing. Jenkins kicks off for fifteen yards and Harvey catches and passes to Hare who gets five yards. He now makes fifteen around right end. Foul interference sends the ball over to Freshmen who are soon forced to kick.

Bulger makes a half yard. Tutwiller stopping him in a fine tackle. Bulger next loses four yards ownig to Abernathy's hard tackle. Jenkins kicks for ten yards and Hare secures the ball. Martin is now twice caught offside. Stewart loses five yards. Stokes gets ten at right tackle. Harvey gets five and Hare five. Stewart makes ten around right end and Hurt fumbles. Hightower falls on the ball. Motley loses one yard at extra, Abernathy stopping him nicely. Martin gains four in the wrong direction and Jenkins kicks ten yards. Van Ness falls on the ball.

Motley loses three on Abernathy's quick tackle. Bulger loses three from the same cause. Jenkins kicks for ten yards. Scarbrough's ball.

Abernathy gets five yards Harvey fifteen. Stokes makes eight through tackle but fumbles and Bulger falls on the ball.

Bulger gains nothing but experience and Jenkins is thrown back for a loss of two yards by Stokes. Before the ball can be put in play again time is called on the Freshmen's two yard line.

The Board of Managers for the Commencement Hop has recently been elected consisting of four men from the Senior class, three men from the Junior, two from the Sophomore and one from the Freshman; they are all worthy energetic fellows and will no doubt provide a brilliant close for commencement season.

We are surprised and pained to note that the Red and Black of Ga., is on the decline; the last issue was a trifle larger than a Columbian postage stamp and on a poor quality of paper. You should get out of that brother!

The class games of football the first of which was played by the Soph's and Freshmen on last Saturday, will also be the events of the three coming Saturdays. The game next Saturday between the Seniors and Juniors promises to be the best of the series.

In addition to the financial benefit of these games they are of especial benefit in bringing out new material. They also develop a hearty though vigorous rivalry between the classes and develop class spirit as nothing else can.

The student body is to be complimented on the way in which they patronized the game last Saturday: most everyone bought season tickets and the result was that the football debt was diminished by at least \$70.00.

The game last Saturday was characterized by sharp snappy playing on both sides. The Freshmen with defeat staring them in the face from the very start never once relaxed their stubborn resistance. This stubborn resistance only stimulated the Soph's to still fiercer onslaughts on the somewhat lighter line of Freshmen. Although the game was a desperate contest from start to finish, yet the best of spirit prevailed throughout; there was no slugging or other disagreeable features.

These games will grow in interest until the great final contest on Feb. 22, when the winning class team will play an all college team.

The concert, Feb. 21 to be given in honor of the completion of the new gym., and for the benefit of the football debt promises to be the most successful thing of its kind ever attempted in Auburn not excepting the Glee Club concert of last year. The management has been successful and very fortunate in securing the service of some of the most noted performers in the State. Miss Patti Preer of Columbus, Miss Wheeler of the Tuskegee Female College, and Miss Mattie Moore of Auburn will be the soloists of the occasion. Miss Preer has for several years captured Auburn audiences by her sweet voice as well as by her charming personality, Miss Wheeler also needs no introduction to Auburn audiences for with the assistance of several of the musical faculty of the Tuskegee college she has given many delightful musical recitals. Miss Mamie Moore is one of Auburn's most popular singers and a concert in Auburn would be incomplete without the addition of her bright and popular songs. In addition to these soloists the talented Miss Greil, of Montgomery over whom the audience at the recent Baptist concert went wild, has promised to recite. Miss Greil has studied extensively abroad and has reached that perfection which can only be attained by professional training and wide experience. A feature of the program will be solo banjo work of Mr. H. H. Smith of West Point, who is a graduate of the Boston Conservatory. The Glee Club Male Quartette which attained such popularity last season especially in their humorous selections will give several numbers, most of them of a comic character. The Mandolin Quartette, a new but deservedly popular organization will doubtless make excellent music. The program will be of unusual interest, considering the artists who will participate, this fact combined with the fact that the proceeds will go to football will no doubt insure a large attendance.

It is Heisman.

Mr. J. W. Heisman, our efficient football coach of last season, will be with us next fall. Hurrah for Heisman and the team of 1896.

Team of 1895.

Culver at center has for the whole season been a veritable stone wall. He has always followed the ball with great agility and has held his own against every centre he has met this season; he has also done more tackling out at the ends than any man we have seen in the position this fall.

Good boy Culver.—Your first season has been a great success.

Vann at right-guard has done well for a new man; he has weight and speed and has been especially good in dropping on the ball. We are looking for lots from you next year Jim, so don't disappoint us.

Harvey at left-guard has been in that position just as he was in '94.—Always in place and never known to be run over. He has never done much tackling out side of his position but he has always been on hand when a play came his way. He is most probably the best defensive guard in the South today.

Mixon at left tackle has been the surprise of the season. He has played hard all the fall and his improvement has been the greatest of any man on the team. In '94 he was never entrusted with the ball but this fall he was one of our very best ground gainers. We are justly proud of his record.

Glenn, right-tackle has played a finer game this year than ever he played at guard. What more could we say for him? He always follows the ball and when given it he has rarely failed to gain. "Blondy," old boy, we owe lots of our victory to you. You have by your fine work justly earned the title of being the best tackle in the South and all Atlanta is willing to swear to it.

Byrum, left-end has been a hard worker at all times and though in hard luck a good part of the first of the season he was always on the field helping to coach the new men. He has proven a good man with the ball, but it was in his fine defensive work, as extra man where he was most noticed; it was almost impossible to make a gain on his side of the line. Good boy "Buckle" your tackling in the Alabama-Georgia game was par excellent.

Stokes, right-end has played good, hard, conscientious, ball. His work in the Alabama game was very fine and while he did not do anything very brilliant in the Georgia game he was always on hand when needed and gave lots of assistance to Glenn in

plays made just over and over again. Stokes you ought to make one of the best ends in the South next year.

Smith at right half has done all we have asked of him. He has done great work in skirting the ends, and though we have very seldom buckled him into line he has always made ground whenever called upon.

Harry played his most brilliant game in Tuscaloosa—making runs of eighty, fifty and thirty five yards, several times. His kicking too has filled a long felt want for us this season. Mrs. Smith, we are very much obliged to you for the use of Harry and we are glad to return him to you safe and sound.

Williams, left half, has done good work; he has gained lots of ground and his interference has been gilt edge. Only one gain of any consequence has been made around his side of the line.

Billy, you have shown lots of pluck and college spirit this season and we are all proud of you.

The "irrepressible" Tichenor at quarter justly deserves the compliment of the Constitution: "He is worth his weight in gold." What more could we say? "Tich" was the life of the 'Varsity and will lead her to victory in '96.

Captain Shafer, full back; where can we find words to express the praise he so justly deserves? To say he has played well is putting it too mildly. He has been at a great disadvantage having the captaincy of a team on his hands and, besides being moved from center to full-back; two places that differ as widely as it is possible for two places to differ. To learn a new position in a season is no easy task; Yet he has accomplished not only this but has proven himself the best bucking full back in the South. This is the opinion of umpires Taylor and Sexias, coaches Warner and Heisman, and dozens of old football men.

After carefully reviewing the season's play we think that it is perfectly clear that Shafer has played the best ball of any man on the team and that his team—the team of '95—was the very best that Auburn has put in the field.

Here's to you Walter and the team of '95!

Heisman again next year. This assures us a well trained team.

Cadet J. A. Haigler has resigned college.

Seniors—Juniors next Saturday.

You must not miss it.

Ex. Capt. W. R. Shafer coaches the Soph's.

Private Sargeant does not mind calling on the gods.

Mike Kelly must be very much in love as we hear he is going to court soon.

Most of the Seniors are trying to raise moustaches.

We hear that Rainey is soon to move to Cloud's and if so Merriweather will have to leave.

Mr. John Arrington took a flying trip to Montgomery last Saturday.

Mr. W. B. Kelly is a man of many aliases. W. B. Kelly alias, Mike, alias, Old dusty, alias, Goree. Notwithstanding all of this he is quite a driver.

The attendance is the largest in the history of the college. The three hundred mark has been reached.

Kelly has quite a heavy matter on his mind; but we hear it is only a matter of a "hoss and a hoss" though.

Prof. McKissick gave quite an interesting lecture on experiments. It was thoroughly enjoyed by all present.

The concert in the new gym. is going to be splendid. You must go as you will be sure to get the worth of your money besides helping to pay off the football debt.

Cadet LeVert Coleman is taking a fine stand at West Point. He stood eleventh in class of one hundred and five and first in French.

Have you tried the hot chocolate at the Candy Kitchen?

Buy a season ticket to the class games and help liquidate the foot-ball debt.

Bob Foy, 94, has been elected President of the class of '99, at West Point.

We know that this is an honor justly bestowed.

The Seniors have taken up Astronomy. Some of them evidently study the stars a good deal as they are never in their rooms.

There has been a general shake up of officers and quite a number of surprises.

Don't fail to buy a season ticket to the class games.

The article on the team of '95 will be continued in the next issue.

Dr. Cary gave a very instructive as well as interesting lecture last Friday night on the "Development of the mind." He is a thoroughly entertaining lecturer and we always like to hear him.

The entire property of the universities and colleges of the United States is valued at \$200,000,000; one-fourth of this belongs to four universities.

The University of Penn. spent \$100,000 last year in the interest of field and track athletics, rowing, football and other sports. The football receipts alone amount to over \$36,000.

Fifty-four thousand dollars was spent at Yale last year on athletics. Of this amount \$10,000 was subscribed by the undergraduates and the remainder was raised chiefly by the proceeds of base ball and football games.

The University of Edinburgh is the first English college to have a college journal.

The board of editors of the Red and Black, the student publication of the University of Georgia will resign because of lack of support by the student body.

For next years football teams the outlook is very bright at all the larger colleges. Yale loses five men: Thorne, DeWitt and Terrens behind the line, and H. P. and W. R. Cross in the line. Harvard loses Borden, C. Brewer, and Fairchild behind the line, and Hollowell and Gould in the line. Princeton loses only Lea and Hearn. These men are both in the rush line. All the rest of her team will return to college.

Nearly one-half of the men who received honors at Harvard last year were prominent athletes. This seems to contradict the general idea that there is a gulf between the student and athletic world.

The University of Chicago bids fair to be the best endowed college in the world. J. D. Rockefeller alone has given nearly five millions, and has promised of two millions provided the faculty will raise an equal

amount. The university has established a theological branch in India, and is endeavoring to place them in several other countries. It will soon begin the publication of a periodical called the Lakeside Magazine, which is intended to rival in excellence the current magazines.

Under an ancient elm she stood,
A fairy form in gray—
Her eyes were bright as the stars at night
And she merrily tripped a lay.
I stood in the the shadow and watched her face,
It was eerie and passing fair,
As the ditty she sang so merrily rang
On the waves of the evening air.
I was stirred to the depths of my very soul—
Ne'er heard I voice like that,
And I threw all I owned at her very feet,
For she was my neighbor's cat.

A new course has been started in Yale, and will be carried on the first year as an experiment. It is the course in modern novels, the object of which is to teach students to read standard novels in a way to strengthen their mental powers instead of as a mental debauch. At the end of the week each student is required to write a short review of the book.

The faculty of the University of Minnesota has recently discovered a nifty freshman, who left the high school two years before completing his course and entered the literary department of the University on his brother's diploma. It is needless to add that he was fired.—Ex.

The trustees of Cornell have decided to give 300 volumes from the university library to the University of Virginia out of sympathy for their recent loss by fire.

SCISSORS AND PASTE.

Tuscaloosa's Gymnasium Team and Glee Club will give a joint exhibition on Feb. 18. Indications are that it will be a great success.

Prof. Trawbridge, the celebrated instructor in the physical laboratories at Harvard University, has and is making successful experiments in photography through opaque bodies by means of electricity. He has already succeeded in obtaining a negative through an inch of solid wood.

Further investigations along this line will be watched with interest.
